

MEDICINAL
COURTING DANGER

It is courting danger to stand under icy eaves. Not a few have learned this to their cost. Every winter injury and even death are reported as the result of this carelessness. But there is a far more popular way of courting danger. Every man or woman who neglects a cough is inviting sickness, and many a fatal sickness has its beginning in a slight cough.

The timely use of Dr. Pierce's Golden Medical Discovery will cure the cough. Even when the cough is obstinate and there is hemorrhage with emaciation and weakness, "Golden Medical Discovery" always helps and almost always cures.

"I was troubled with a bad cold, which settled on my lungs and left me with a miserable cough," writes Mr. Joseph D. Burns, of 18 Haight Street, Hoboken, New York. "I used two bottles of your 'Golden Medical Discovery' after which my cough disappeared entirely. I can now recommend your medicine to all who are troubled with a cough."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood, and lungs. Substitution means a little more profit to the dealer but a loss to you. The Common Sense Medical Adviser, 1008 large pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

HICKS FOR NOVEMBER.

A reactionary disturbance will be central the 1st and 2nd, causing a rise in temperature, falling barometer and scattering storms and squalls of rain and snow from about the 1st to the 31. A short sudden rise of the barometer and change to colder will follow close after this disturbance, but as sudden change back to storm conditions will come about the 5th in western regions.

The regular Vulcan storm period begins on the 5th, is central on the 7th and extends to the 10th, with a marked rise of temperature and a corresponding fall of the barometer, followed by possible thunder storms southward, will set in early. About the 6th to the 10th storms of wind, rain and snow will make their transit from west to east across the country.

A brief intermission will intervene between this Vulcan period and the reactionary change due from the 11th to the 14, and a sudden return to warmer, dry barometer, and rain and snow will be natural about the 11th to 14th. These reactionary storms will be followed by a more persistent and general change to wintry conditions, and sharp cold will be general over central and northern sections for several days leading up to the Vulcan storm period central on the 18th.

Some of the most decided storms of the month may be expected from about Sunday the 17th to Tuesday the 21st. These storms will reach a crisis on and touching the 20th, rain, wind and thunder being followed in many sections within a few hours by northwesterly winds, driving snow and change to freezing.

The freezing weather following the last storm will extend to warmer from the 23rd to 26th. Look for many more storms, largely of a blizzardous character, more than forty-eight hours before or after sundown on the 25th, followed rapidly by a great rise of the barometer and a rubbing cold that will be felt far to the south. The month will go out with the brewing of autumn storms and a rain may turn into snow and sleet the 1st of December.

A METEORIC DISPLAY.—Will the meteoric shower of 1799, 1833 and 1867 repeat itself this year is a query now aching in the minds of inquiring and observing astronomers. For two successive Novembers many hours have been given from sleep that the wonder of a meteorite might be seen in the peacefulness of the night. A display of light and motion that far surpasses in magnitude and sublimity anything that the human eye has ever witnessed. Watching, waiting, hoping in 1899, was repeated in 1900, but no stars and constellations watched across the firmament in beauty and silence without a shower of meteors to detract from their beauty. The earth passed across the path of Leonides without meeting these mysterious wanderers. It was tacitly agreed that the path of the meteorites had shifted or these particles of a dead world had turned out and the orbit was a vacant space in the universe and the wonder of many generations would no longer amaze and astound the earth.

SHOT IN BREAD RIOT.—At Puruandiro, Michoacan, Mexico, on October 28, a bread riot occurred in which twenty persons were wounded, many of them fatally. The cause of the riot is said to have been the action of speculators in cornering the supply of corn.

A corn famine has existed in that section of Mexico for months and the government recently removed the import duty on corn from the United States as a measure of relief. It is claimed that speculators cornered the shipment to Puruandiro and raised the price 100 per cent.

The starving people driven to desperation, attacked the warehouses, the women and children leading the assault. They were shot down by the guards. Those who escaped the bullets, perished at what had been, peace, fed. The conditions in that section of the republic of Mexico are depicted as terrible.

Puruandiro is about fifty miles from the railroad, and the latest news from there was that the situation was critical and that more blood was being shed. The government has started troops to the scene.

DWARF WEDS A MIDGET.—Sherman W. Potter, thirty-seven years old, local caterer, and Nora E. Brinkley, eighteen years old, resident of Pulaski, were wedded at Dayton, Ohio, Tuesday in the presence of a church full of people. The bridegroom weighs only seventy-two pounds and is forty-two and one-half inches high. The bride is an inch taller than her husband and weighs two pounds less. They are not deformed in any particular. Their parents on both sides are stalwart, as are their brothers and sisters.

MEDICINAL
Kodol
Digests what you Eat
Dyspepsia Cure

A powerful engine can't be run with a weak boiler, and you can't expect to keep up the wear and strain of an active life with a weak stomach. Our boilers, or rather our stomachs, can't be replaced, and we cannot stop the human machinery while making repairs. But when the stomach is unable to digest enough food to keep the body strong, we can use such a preparation as Kodol Dyspepsia Cure. It digests what you eat, so that you can eat all the good food you want, without any distress after eating.

"After forty years of suffering from indigestion, a few bottles of Kodol Dyspepsia Cure cured me."—Anna Bell, Fredonia, Pa.

It can't help but do you good

Prepared by E. C. DeWitt & Co., Chicago. The 11 bottle contains 2 1/2 times the 50c. size.

When you need a soothing and healing application for piles, sores and skin diseases, use DeWitt's Witch Hazel SALVE. Beware of counterfeits.
